User Feedbacks

"Your feedback helps us create a calmer, smarter and more personalized experience."

FEEDBACK SUMMARY

Every feedback matters!

1 Ease of Use
"The app is very easy to navigate. I didn't need any instructions to start a session."

2 Personalization
"I liked how the app suggested different modes like 'Pre-Meeting Calm'. It actually felt tailored to my needs."

3 Too Many Options
"There are a lot of features on the screen, which made it slightly confusing at first."

4 Breathe With Me Feature
"The breathing animation really helped me calm down quickly. It's my favorite feature."

5 Slow Load Time
"The app took a bit of time to load the pod settings, which broke the relaxing experience."

6 Visual Design
"The colors and design feel very calming and premium. It actually makes me want to use the app."

7 Notifications
"The reminders are helpful, but sometimes they come at inconvenient times during meetings."

8 Stress Tracking
"Seeing my stress levels go down over time was motivating and made me use the app more."

9 Limited Customization
"I wish I could customize the pod settings more instead of just using AI suggestions."

10 Quick Relax Feature
"The 'Quick Relax' button is very useful when I have only a few minutes."

11 Journal Feature
"The journaling section feels a bit basic. It could be more interactive or guided."

12 Accessibility Concern
"The text size is a bit small for long use. It might be difficult for some users."
